Our new set up and what it's all about, we are taking things seriously...

In response to Welsh Government guidance we have had to make some changes in order to keep our business trading.

We are now operating a one way system downstairs in the bar, customers will be asked to enter via the rear door, place orders at the bar till and collect drinks once ready, the front door may then be used as an exit for the public.

Food and drinks will be available whilst sat or stood at allocated tables only. Outside is self service (please make a note of your table number), tables upstairs will be served by a member of staff.

Please wash your hands and sanitise after visiting toilets using the products provided. We will be cleaning these areas at regular intervals as well as deep cleaning at every shift change.

The Nomad team.

We have made every attempt possible to assist you in observing the recommended 2m social distancing measures. Where this has not been possible we have taken measures to reduce potential airborne spread such as back to back seating and increasing space in enclosed areas.

We really hope you enjoy your time with us and thank you for supporting independent business.
